CAREER OBJECTIVE

Highly Motivated MCA candidate from IPS Academy with a solid foundation in software development. Proficient in Java, Spring Boot, and database management, with certifications in Java and Spring Boot. Committed to continuous learning and leveraging strong problem-solving skills to contribute to innovative software solutions that enhance application performance and reliability.

EXPERIENCE

AI Engineer Intern

Feb. 2026 – May 2026

JAI AI - HCE SECURE

Indore, MP

- Developed backend services for the JAI AI web interface using Java and the Spring Boot framework.
- Collaborated within the development team to build AI-driven solutions.
- Worked on Swim-Server migration to PostgreSQL and building custom PfSense.

App Testing Intern

Jan. 2025 – April 2025

Sharad Technologies (Remote)

Mumbai, MH

- Assisted in software testing, reported bugs to the development team and participated in problem solving sessions.
- Assisted in improving product design, performance and reliability with detailed user feedback analysis.

PROJECTS

BrickWork's Pro | Java, Spring Boot, MariaDB, Jwt Authentication, Angular

Nov. 2025 – Present

- Developed a cloud-native, microservice-based web platform to digitize a traditional brick-manufacturing business.
- The Java Spring Boot backend features separate services for Products, Orders, and Authentication, all managed by a Spring Cloud API Gateway and Eureka Service Registry.
- Built a high-performance front end using Angular with Server-Side Rendering (SSR) to ensure fast load times and SEO optimization.
- Implemented seamless inter-service communication using OpenFeign and managed data persistence with Spring Data JPA and MariaDB.

Journal App | Java, Spring Boot, MariaDB, REST APIs, HTML, CSS, JS

Dec. 2025 – Jan. 2026

- Built a secure journaling platform using Spring Boot and MariaDB for the backend, with a responsive Tailwind CSS and JavaScript frontend.
- Implemented Spring Security with BCrypt for user authentication and integrated Spring Scheduler with JavaMailSender for automated weekly sentiment reports.

SKILLS

Programming Languages: Java, SQL, HTML

Core CS Concepts: Object Oriented Programming, SDLC, DBMS, OS, Data Structures(Basic), Generative AI

Backend Development: Spring Boot, Spring MVC, Spring Data JPA, Hibernate, REST APIs, JDBC, JSON

Databases: MySQL

Developer Tools: Git, GitHub, IntelliJ IDEA, VS Code, Postman, AI, Maven

Soft Skills: Teamwork, Adaptability, Analytical and Problem - Solving, Quick Learner, Excellent Communication, Detail-Oriented

EDUCATION

School Of Computers, IPS Academy Indore(CGPA- 7.80)

Indore, MP

Master of Computer Application

Aug. 2024 – May 2026

School Of Computers, IPS Academy Indore(CGPA- 8.18)

Indore, MP

Bachelor of Computer Application

Aug. 2021 – May 2024

Govt. Excellence Higher Secondary School(Percentage- 90.8)

Khairlanji, MP

12th (PCMB)

June 2020 – May 2021

ACHIEVEMENTS AND CERTIFICATIONS

Achievements :

- Selected among the **top 2 finalists** out of **10 teams** in an internal hackathon (May 2025) for building an project 'eCommerce Backend using Spring Boot'.
- **Placement Coordinator** - Managed communication between students and the Placement Cell IPSA, improving the efficiency of the placement process.

Certifications :

- **Infosys Springboard** - Programming Using JAVA.
- **Linkedin Learning** - Spring Boot Essential 3
- **Coursera** - Concepts In SQL
